

DESIGN BRIEF

Company Name:

Soft Bonk

Company Description:

We are a fashion company that sells trendy business clothing. Our items are made with unique designs and are shipped directly to your home. Our target audience is men. We want to convey a sense of comfort, while at the same time being gentle.

Job Description

You must create a website that will mainly spread brand awareness. The goal is to make the website easy to navigate. Besides the landing page, the website will need a about page, shop page and a privacy policy page. The landing page should have a About the Team section. There should be a call to action to get users to view the catalogue. They would prefer a old-fashioned design, and would like you to use the brand color, which is white. Take into account the client's preferences and values.
